

NANCY BARBARA SEGLER DIXON

Nancy Barbara (also known as "Nannie Bobbie") Segler Dixon was the only daughter of Dr. Thomas F. and Rachael Dean Segler. She married James Franklin Dixon and they had nine children. She has been listed as "Nannie" since I started working on the tree. Grace Blackman Griffin, who lives south of Ariton, knew her and always referred to her as Aunt Bobbie.

Thanks to her great grandson, Preston Copeland Dixon, I have learned that she was named Nancy Barbara Segler at birth.

Preston has provided a huge amount of information about Nancy and her family. There are lots of details about her children, grand children, great grand children, and even seven great great grandchildren! It is all in the Segler-Seigler Family Tree which is available by clicking on the "Family Tree" tab. Below are some photos of Nancy Barbara. Thanks again to Preston for sharing them and other information from his Ancestry.com Dixon Family Tree.
